

With the right preparation and motivation, you can do it!

Welcome! Homeopathy Exam Bootcamp bridges the gap between being a student and real-time practice, helping you prepare for the next steps in your career. This program provides the effective tools needed to study for the Council for Homeopathic Certification (CHC) updated computerized exam, including seven weekly video-conference meetings, downloadable materials, flash cards, quizzes, daily reflections, group messaging, and one-to-one coaching sessions. Additionally, our website remains available for extended access to materials during exam month.

WHAT IS HOMEOPATHY EXAM BOOTCAMP?

Prepare yourself for the Council for Homeopathic Certification Exam:

- Working at home or office: website, weekly step by step plan, downloadable materials, quizzes, & homework
- Receive daily emailed multiple choice question samples and reflections
- Attend teleconference and video coaching sessions
- Review all criteria in *Exam Content: Domains and Statements*
- Speed up response time during case analysis
- Collaborating with colleagues
- Celebrating your success

How will this training (Homeopathy Bootcamp) benefit my professional practice?

- Gain confidence for efficiently managing clients
- Translate skills learned in Bootcamp to your clinic. Exam questions demand quick answers. For example, can you differentiate between Pulsatilla And Kali Sulphuricum in just one minute? Don't wait till next week to give your client's remedy. Apply technique and make quick case analysis decisions!
- Establish trust amongst your clients with a credential achieved by high educational standards, professional practice and ethical competencies.

What are the benefits of Certification?

- Define yourself as board certified professional homeopath
- Qualify for many professional affiliations
- Your practice added to a national referral database
- See benefits in CHC handbook: <https://tinyurl.com/4z59wmc2>

What will I review during this program?

In just seven weeks, we'll review all competencies required by CHC as stated in *Exam Content Domains and Statements*. We will practice techniques in the following domains: Homeopathic Foundation and Theory, Materia Medica, Repertory, Case Analysis, Case Taking, Business Practices, Health Science, and Ethics.

What materials do I receive?

Upon booking, you will receive a welcome email, shopping list, syllabus, and instructions on how to proceed. Additionally, you will receive Materia Medica cards through USPS, along with instructions and memorization exercises. For our online studies, we will use Basecamp Classic, a website where we will download materials, communicate, and study together. Log in for the course begins on August 14th.

What supplies will I need to complete this training?

- Internet access
- Computer or laptop with updated browser
- Camera/video access for online live video-conference presentations and coaching
- Printer
- Quiet dedicated study place at your home or office

What technical skills will I need for this training?

- Ability to receive, open and print MSWord or Pages and PDF documents.
- Video-conference app, and maintain an internet connection

What support will I receive during Homeopathy Exam Bootcamp?

- Weekly Video-conference meetings review Exam Content and exam strategy
- Technical support logging into Basecamp website and getting started
- Daily quizzes and reflections received keep you motivated and engaged
- Weekly Homework identifies strengths and weaknesses and tracks progress
- One-to-one video-conference coaching teaches homeopathic practice techniques
- Details and tips to build self confidence
- Multiple quizzes and samples from each Exam Content Domain
- Sample Diagnostic Exam so you may evaluate your progress and exam readiness

How much time will I need to spend studying?

Plan at least 10-15 hours per week.

About Me

I was awarded the title of CCH (Board Certification in Classical Homeopathy) from the Council for Homeopathic Certification in recognition of meeting the highest standard of excellence held by the homeopathic profession in North America. I am a mentor for American Medical College of Homeopathy, and have lectured at venues such as Whole Life Expo, Holistic Moms Network and New York Edgar Cayce Center. I practice in Park Slope, Brooklyn, NY USA. Specializing in child and whole family care, chronic pain and musculoskeletal ailments. I am a mentor for American Medical College of Homeopathy.

In 2003, when I began preparing for my certification exams, I found that I was not a great test taker and needed to organize the vast material I had to cover. To aid in this, I created Homeopathy Exam Bootcamp as a personal project in 2007. Over the years, I have continued to

refine and update this program, coaching and preparing homeopathy candidates to sit for their board exams and helping them transition from student to full-time practitioners. This upcoming session, Homeopathy Exam Bootcamp 2023 FALL marks the 32nd session!

Disclaimer As an educator, I am not an employee of, endorsed by, or a prerequisite for the Council for Homeopathic Certification Exam. Nevertheless, I am a strong supporter of the certification process and believe that it provides invaluable benefits to both the homeopathic community and the public. Since 2007, my program has provided a comprehensive overview of classical homeopathy and enabled homeopaths to pass their exams with confidence.

With the right preparation and motivation, you can do it!
