About Me

Awarded the title of CCH, a Board Certification in Classical Homeopathy from Council for Homeopathic Certification in recognition of meeting the highest standard of excellence held by the homeopathic profession in North America and practice in Park Slope, Brooklyn, NY USA. I began creating the work of Homeopathy Exam Bootcamp as a personal project during my preparation for certification exams back in 2003, because I am not a great test taker and I needed to organize the vast material covered during my education. I have since been refining this program, coaching and preparing homeopathy candidates to sit for their homeopathic board exams, and assisting in their transition from student to full time practitioners.

I am on facultly at the American Medical College of Homeopathy at PIHMA. I've lectured at such venues as Whole Life Expo, Holistic Moms Network, and New York Edgar Cayce Center. I write and facilitated Homeopathy Exam Bootcamp for Homeopaths preparing to sit for their certification exams. I also serve on the panel for Council of Homeopathic Certification Research. I have a busy practice in Brooklyn NY specializing in pediatric homeopathy, whole family care, chronic pain, and respiratory and skin ailments. I wrote this Bootcamp program in 2007, continually updating and documented all so you may condense years of education into a seven-week training course. This upcoming session, Homeopathy Exam Bootcamp 2024 FALL commemorates our 34th session!

Disclaimer I, Deborah Monlux, CCH is not an employee of Council for Homeopathic Certification. I am not contracted by the Council and do not hold a board position. However, I do support the process of certification and believe in the benefits this credential provides for both the homeopathic community and the public. My work is time proven methods to further motivate all homeopaths to put their skills into practice. I have been presenting this program since 2007, coaching many homeopaths through this unique process, giving a thorough review of the classical homeopathy fundamental domains, and promoting confidence within you so you are motivated, energized and ready to to sit for your exam. You can do this!
